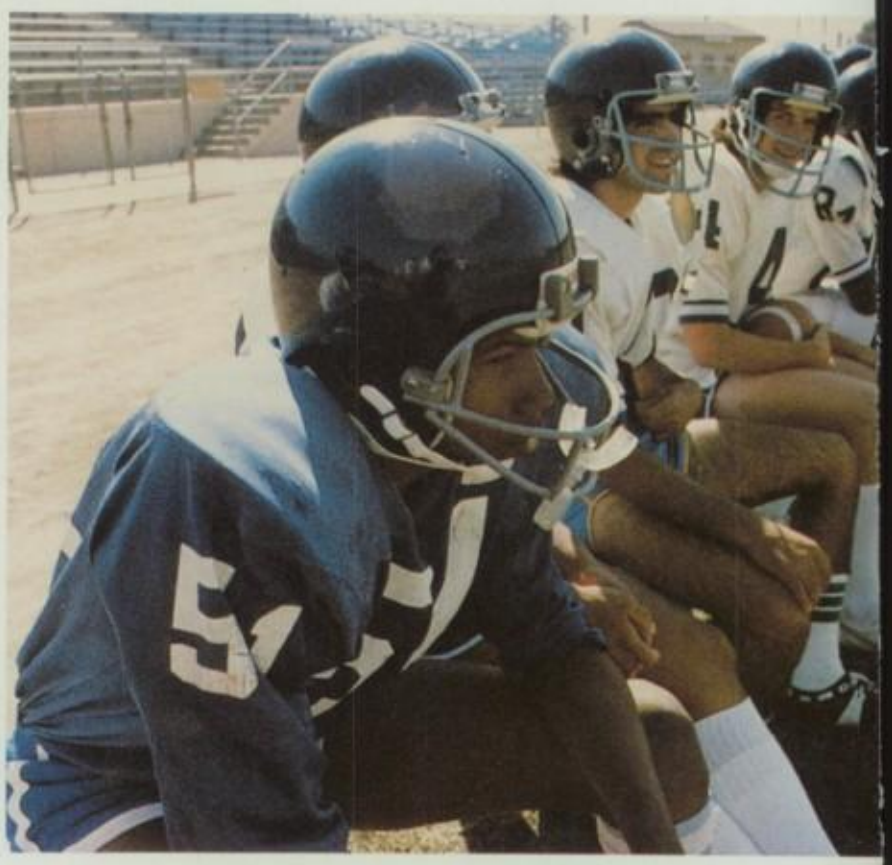
Hop aboard the Pylon Carousel!

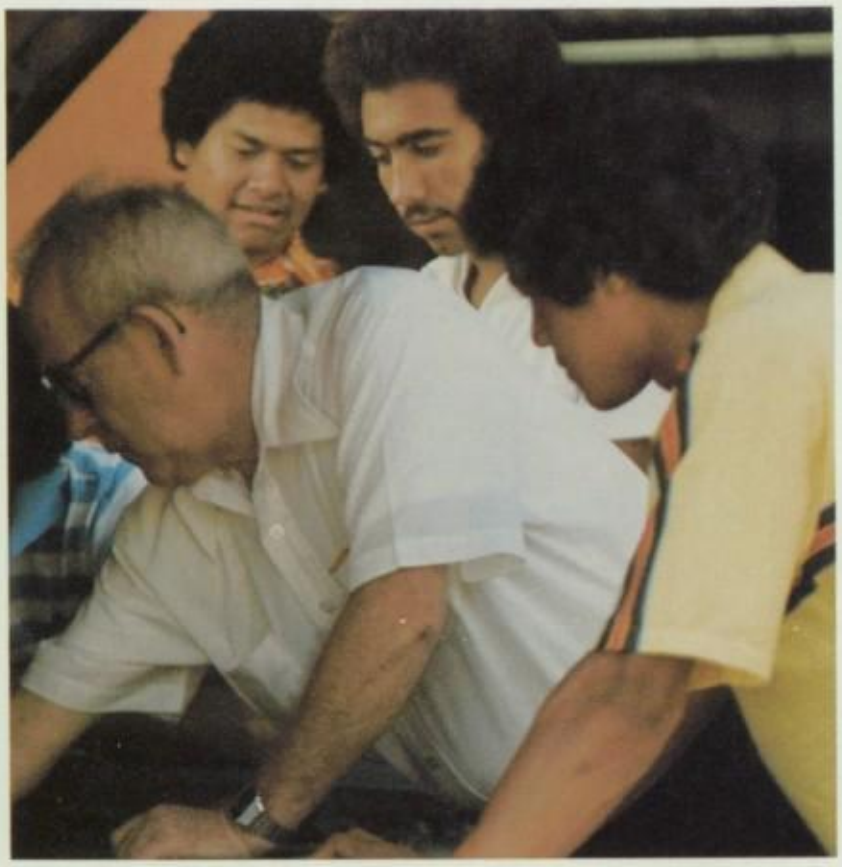
As you whirl through the pages of the 1978-79 edition of The Pylon you will note that we feature the theme of "Carousel." We have selected this theme to call attention to the fact that life at Leuzinger High School is similar to riding a carousel. As students we go the full cirlce of high school life. We begin as frightened Freshmen, advance to more sophisticated Sophomores, move on to journeys into Junior life and wind up as soaring Seniors taking off the brass ring in the form of a diploma. Our Carousel ride at Leuzinger offers us an opportunity to share many experiences with our classmates as we ride through each day of Olympian life. We also share the joys of many good times in campus and, if one listens carefully, the catchy tune of the Carousel can be heard in the background. For most of us, the "Olympian Carousel" will continue its happy and adventure-filled ride. To those seniors, the class of '79, we extend our best wishes as they leave our merry-go-round to seek another kind of Carousel ride.

BEST OF LUCK AND MAY YOU ALL CATCH THE "BRASS RING."

Olympians Keep Spirit



Up And Up



We dedicate the 1978-'79 Pylon yearbook to **MR. ROBERT FRANCIS CALLANAN.**

We believe that this accolade has been long overdue, for Mr. Callanan has been an outstanding teacher at Leuzinger for 26 years. During this time thousands of students have received the benefit of his instruction. Many of his former students presently occupy top positions in commerce and industry, and most of these top, skilled people credit Mr. Callanan as being the force behind their achievements. It is not uncommon to see many of Mr. Callanan's students return to campus to visit their benefactor and thank him for his efforts in their behalf.

Mr. Callanan received his bachelor's degree from Fresno State and his masters from Cal State, Long Beach. He served with the U.S. Army during World War II and was awarded the Bronze Star, Purple Heart, and other citations. He has been married 24 years and has a daughter, MaryLou and a son, Bobby. His favorite pastime is reading.

We are most pleased to designate this year as the year of Bob Callanan. We are sure the student body and faculty will agree that ours has been a wise choice.

The 1978 Sports Royalty parade and dance will long be remembered by those who attended the gala events. The parade was held at noon on Olympian field and again at night during halftime of the Olympians game against Harvard. The Olympians suffered one of their few losses with a score of 14-27.

The Dance was held at the Hawthorne Memorial Center and the near 350 students that attended rocked to the sounds of Light Louis Tribble was in charge of the parade and under his direction everything came out perfect. The banner awards were given to Liz Gomes for "The Grand Sweepstakes," Kelly King for "Cutest," Leanna Maciel for "Best Executed," Claudia Abad for "Most Artistic," Lori Brewer for "Most Colorful," and Carolyn Johnston for "Most Original."

Farewell Mr. Fleener - Best Of Luck

Another of Leuzinger High's "finest" will draw the curtain on an outstanding teaching career as he has announced his retirement. William "Bill" Fleener joined the Olympian faculty in 1953 and has served in the English department ever since. A graduate of L.A. State, Mr. Fleener is a native of Bend, Oregon. He served with the U.S. Navy Air Corps during World War II as a bomber pilot. Mr. Fleener was involved in many innovative programs while at LHS. In addition to teaching the traditional English classes, he has served as department head, Scholarship advisor and college counselor. Several of Mr. Fleener's former students who have gone on to become outstanding achievers on the college level continue to maintain contact with him, attesting to the high regard most students have for him. His sharp wit and great sense of humor and his many contributions to faculty and students will be missed.

AFS And

This year the students of Leuzinger were granted the opportunity to meet and get to know YFU (Youth for Understanding) student **Harumi Miyakawa** and AFS (American Field Service) student **Heather Taylor.**

Harumi came from Tokyo and stayed with the **Satow** family in Lawndale. While at Leuzinger she belonged to the chess, AFS, and Iams clubs. Whenever time permitted **Harumi** would be out on the courts perfecting her backhand. **Harumi** made many friends on and off campus and hopes to stay in touch with all. After returning to her homeland **Harumi** hopes to major in architecture.

Heather came to LHS from western England and spent her year here with the **Bell** family. Heather belonged to the AFS club and was an active member in student council. She attended many of the school's dances and enjoyed American music very much. **Heather's** many new friends won't soon forget her for they'll always remember her cheerful nature. **Heather** wishes to attend college and become a physical therapist.

Olympians Go Abroad

Noel Crain, senior, was selected as the AFS student from LHS to participate in the foreign student exchange program. He visited Peru during the summer of 1978. His host family resided in the City of Trugillo where he spent 10 weeks. He states that he appreciated the chance to see how other people live, and it served to give him a feeling of appreciating his country more.

Carine Blais, senior, may well consider Brazil as her second choice for "home." She adopted Belo Horizante, Brazil, after having spent last summer there under the auspices of the American Field Service. During her two and one-half month stay in Brazil, Carine had the opportunity to visit many sites of interest and made many new friends.

Pama, Gomes State Reps. For L.H.S.

Boys state is one of the most enriching experiences a high school student can enjoy. When I was first told about this "student government" in Sacramento, I was a little worried about going. But once I arrived at Sacramento State University I realized it was one of the best decisions I have made.

After an 8 hour overnight bus trip, I was checked into my "city", a dorm on campus with thirty other boys. These boys were from all over the state, from San Diego to some hick town near Fresno, chosen by their nearby American Legion Post for excellence in leadership qualities. This was probably the hardest thing for me to adjust to, because the majority of these people were all "over achievers" who tried hard for everything. This made competition fierce for the many elections for mayors, county supervisors, and other elected officals in these imaginary cities and states. Once the elections were over, the fun started. Each city made its own laws, ranging from tax on entering the city to making whoever doesn't live in the city get down on his hands and knees and beg to enter the city. These laws were all tried in the "courts" of the state. There were several "murders", bomb threats, and alot of other "criminal activity."

Another aspect of Boys State is the many new friends that are made during the week.

It's too bad only one student from each school can participate in this program, because it would no doubt result in many more informed citizens.

Good Luck,
Larry Pama

Girl's State is an experience which has to be experienced in order to appreciate its full worth. I'm glad I had the chance to be Leuzinger's delegate. Let me first explain what Girls State is. I really didn't know too much about it myself before I sat down and talked to the Class of 1978's delegate, Donna Irvin. Even after that, I had no idea how many things one week in Sacramento could have in store for me.

Girl's State is a govermental leadership camp. One girl from almost every school in California attends. No GUYS anywhere!! I was one 519 girls. We made up an imaginary 51 states. Offices needed to be filled at not only the state level, but also at the city and county levels. Offices were open from an appointed City Deputy to the elected state Governor. California, like every other state in the nation, holds this yearly event that is only one week in the summer. I bet you're thinking how could one week influence a person so much. Let me put it this way, I learned more at Girl's State in one week about our nations government than in a whole semester in class. There were different speakers from across the nation. I ran for Secretary of State and won the primary but lost the election. The competition was very tough because everyone was so equally balanced scholastically, socially and achievement wise. I felt like I was talking to myself while exchanging identities, interests and "what I've done", with other girls across the state. I met so many girls. I still keep in touch with Hawthorne's and St. Bernard's delegates. I was telling some girls about our Spirit Week being one of the big things for us and was shocked with the reply of one girl's telling of their "Senior Rodeo". Could you imagine a rodeo at Leuzinger High School?

How can I sum up an experience like this? Simply by saying you'll love it if you get the same opportunity.

Good Luck,
Liz Gomes

Francis And Her Friends Come Back To LHS

The Boys gym was full of excitement as the donkeys came in. It was a colorful site to see the participants in funny outfits. Up and down and all around the basketball bounced. Up and down and all around the seniors and faculty bounced. The evening was always in a clamor of laughter. The final score was Ferocious Faculty 26 and the Mighty Seniors 22. A loss for the seniors but a gain for the senior memories.

Olympians Attempt To Raise Up Bleachers

This year, action has begun to take place in order to rebuild Leuzinger High School's visitor's north side bleachers. The bleacher's steel frame began torust from the inside this previous year and was therefore condemned. The cost of replacing the bleachers is estimated to be $32,000. Leuzinger's Associated Student Body began its attempts to reach this very expensive goal on February 8, by showing the movies, "Tales from the Crypt" and "The Goodbye Girl". This presentation was met with moderate success. Throughout the coming years, Leuzinger's ASB will continue to sponsor various fund raisers in order to replace what Leuzinger Olympians consider to be a primary loss and a vital necessity.

Achievement Awards

Plaque winner in the field of Science and Math: **MARY ANDERSON**

Plaque winner in the field of Liberal Arts: **LEILANI WAI**

Started in 1948 for Los Angeles area high schools, Bank of America's Achievement Awards has developed into one of the most comprehensive and highly respected student awards programs in the nation.

Today, it includes more than 300,000 graduating seniors from virtually every high school in California with annual cash awards exceeding $345,000, including forty $2,000 top awards. Since the program's inception, more than $3.0 million has been presented to participating students.

Designed with the help of prominent educators, who have continued to keep its selection criteria compatible with current school instruction, the program was established to recognize and honor outstanding high school seniors whose scholastic attainment, sense of responsibility and evidence of leadership give most promise of future success and service to the society. It is structured to honor student achievement on as broad a level as possible with awards made in separate academic categories and in ten independent geographical divisions covering the entire state.

Yet, the basic reason underlying Achievement Awards has remained the same. Bank of America sponsors the program in the belief that every society depends upon the individuals it produces. An educated citizenry of tomorrow depends upon encouragement of today's students in their pursuit of excellence.

Varsity Flag Girls

Above: Head flag, Staria Williams.

A welcomed sight at pep rallies and football games, the Varsity Flag Team, (after many hard hours of practicing this summer) returned to school twirling us to success. Consisting of four senior girls the team did a great job.

The team: Adrienne Ramon, Diana Rodriguez, Staria Williams, Patty Sanz.

Practice makes perfect as you can tell at the pep rallies when flags do their thing.

The Olympian Pep Squad has also been a big part of our Carousel. After cheering themselves to a superior rating at Cal. State Northridge, Leuzinger High's Pep Squad came back home to root our teams to victory. The Pep Squad consists of four groups; the Varsity Cheers, Song Queens, Flag Girls, and J.V. Cheers. Between games the Squad has time to participate in raising money, assemblies, and Pep Rallies and even an occasional "Toilet-Papering" job. They did a great job backing up Ol' big Blue. So, thank you girls for your great efforts.

LEUZINGER HIGH SCHOOL

Good Luck - Class Of '79

Another year has passed by - spinning rhythmically like the motion of a Carousel. Seems like a minute ago the ride began and now its time to stop. What happened to our space in time? We didn't even hear the music gently turning the merry-go-round. Look back and remember how it all went by. Freshmen registration- the newness of everything around us, the excitement and the spirit that only a beginning class possesses. The first football game we went to- the crowds, the socializing and the people shouting "Leuzinger's No. 1" The after game dances, building banners and making costumes for the Homecoming parade. The crowning of Homecoming Queen, the Snowball Queen and the Sophomore Sweetheart. The unbearable suspense felt as the winner's name is taken out of the envelope and the moment of elation as the queen received her crown. The overwhelming pride felt when we first wore our class rings. The activities, clubs and athletic competitions. The Student Council skits that were always pathetically funny. The fantastic Julianos submarine sandwiches and the marriage booth at Spirit Week. The lunchtimes spent with friends sharing secrets the entire school would somehow end up knowing, the pranks and the laughter, the planning of the next T.P.-ing of Senior Square. Student Council elections, favorite teachers, and psychology classes. The times we ditched and were never caught and the first time we **did** get caught. Senior Ditch Day- the notices warning us to be in school. Funny how all Seniors suddenly became ill on the same day. Graduation announcements, the caps and gowns. The Senior Prom - enveloped in misty glances, tender promises of everlasting friendships, and uncertain hopes of what's to be. Senior pictures, soon to become tomorrows souvenirs of yesterdays close friendships. Graduation-solemnity and speeches, beachballs and balloons Happiness in shades of sadness. The uncontrollable thrill as you finally receive your diploma. The tears, cried by your parents and friends, amid congratulating hugs and kisses. And finally, Grad Nite-the last chance to see everyone and pledge to get together soon . . . last chance to look back with all your friends, and smile at all the things that were done and said throughout the past four years. The last chance to realize we must leave a part of ourselves behind.

And the CAROUSEL begins to turn once more, spinning swiftly for the next four years, and turning slowly in the warmth of our rememberance.

... **the cycle never dies** ...

The CAROUSEL forever turns on the vastness of our memories.

Some will take their Pylon and shelve it for years to come. For their benefit, we have initiated a "Time Capsule" feature based upon a consensus of the majority of the students on campus. The consensus sought to determine "favorites" of students who spend their time seeking an education at LHS. Our "Time Capsule" may not reflect preferences of some, for the results are somewhat surprising. However, a yearbook has many objectives, one which is to be a "Memory Book." Memories are to be shared and we are certain that the "Time Capsule" will serve to conjure up many memories. What will your reaction be when your son or daughter asks, "What's a Mork and Mindy?"

The Lawndale City Council Chamber is located in Lawndale City Hall and is the scene of many public meetings including, of course, the City Council, both City commissions. Designed in 1970 by architect Raymond Girvigian, A.I.A., the room still retains a fresh, clean and functional appearance.

Best wishes and all possible success to the Leuzinger High Class of '79.
